Please Help

If you are walking or riding through the neighborhood, it is immediately obvious which houses have that special touch. These houses cause passerby's to do a double take. These houses have that special allure. More importantly, these are the houses that typically sell quickly. However, if these homes are located on a street where neighboring houses have lost interest in maintaining their yards or a house is vacant due to foreclosure, it could have an adverse effect on their ability to sell.

Today's economy is tough. We work hard to provide for our family and by doing so, we sometimes forget that our lives have a way of affecting others. Please help your neighbors by maintaining a good curb appeal. By pulling weeds, sweeping debris and rocks from the gutter, cutting down dead or over grown shrubs could make a big difference to you and to your neighbor. With the recent decline in home values, it may be time to consider options for preserving your home's value, since we all know, the value of your home is directly tied to its condition.

There are books located in the Recreation Room to be enjoyed by our members. You do not need to bring books in to be able to take any out.

We currently have many paper back novels and could use more of a variety, such as, children books, educational, science, biographies, etc.

Thanks members for making our book club a success!
