

Policy #3

Vehicles

Any and all vehicles as described in the above standard policies should be parked first in the garage, then the driveway, and the street. All vehicles must also be parked facing the flow of traffic when they are parked along the street.

Vehicles must be parked parallel or alongside the curb. Vehicles found parked perpendicular or facing straight into the curb will be subject to removal.

Vehicles that fail to follow the standard policies and rules will be subject to towing at the owner's expense.

Signed on this day of ____ in the month of March in the year 2019.
